# The Affordable Connectivity Program

A Federal Government Program

S up to \$30/mo. o ter et service.

Save up to

Optimum is dedicated to helping our communities stay connected affordably. We are proud to now participate in the Federal Government's Affordable Connectivity Program, a program to help eligible households pay for Internet service.

This program is available to both current and new Optimum customers. If you qualify, and depending on the speed you choose, your Internet service could be FREE with this \$30 credit.

## Affordable Connectivity Program qualifying groups:

Recipients of SNAP/food stamps, Medicaid, or those eligible to participate in a state of the ECC's Lifeline and lifeting programs

(WIC) recipients

National School Lunch Program (NSLP)
